Oct GT 101

05

This session will provide an overview of what Gifted is and is not and a presentation of resources around gifted characteristics and how to identify giftedness.

Nov

02

Giftedness, Sexual Orientation, Gender Identity

We will explore how sexual orientation and gender, gender identity, and giftedness all intersect for many individuals. Small group conversations and resources will be included.

Jan

11

Giftedness in Girls

The focus of this session will be highlighting gifted girls. We will be looking at both internal and external factors that may be struggles for them. Last, we will discuss options for supporting these learners.

Feb

08

Conflict Resolution

We will discuss conflict resolution strategies that support our relationships and mental health. A few key areas related to gifted students in particular that can support or challenge these resolutions will be shared.

March

14

Adolescent Social Emotional Groups

An overview of social-emotional groups for adolescents and teens, influencing factors, strategies for success, and ideas will be shared during our time together.

April

11

Perfectionism

The focus of this session will be to identify what perfectionism is and its traits. We will also discuss dysfunctional perfectionism and learn strategies to support learners who show perfectionism as a trait.
